

Tools to support local activity – the joint offer

Ending child poverty means raising incomes and improving outcomes

Working families
should see a clear
path out of poverty

Life chances: Every
child, whatever their
background can achieve
the five ECM outcomes

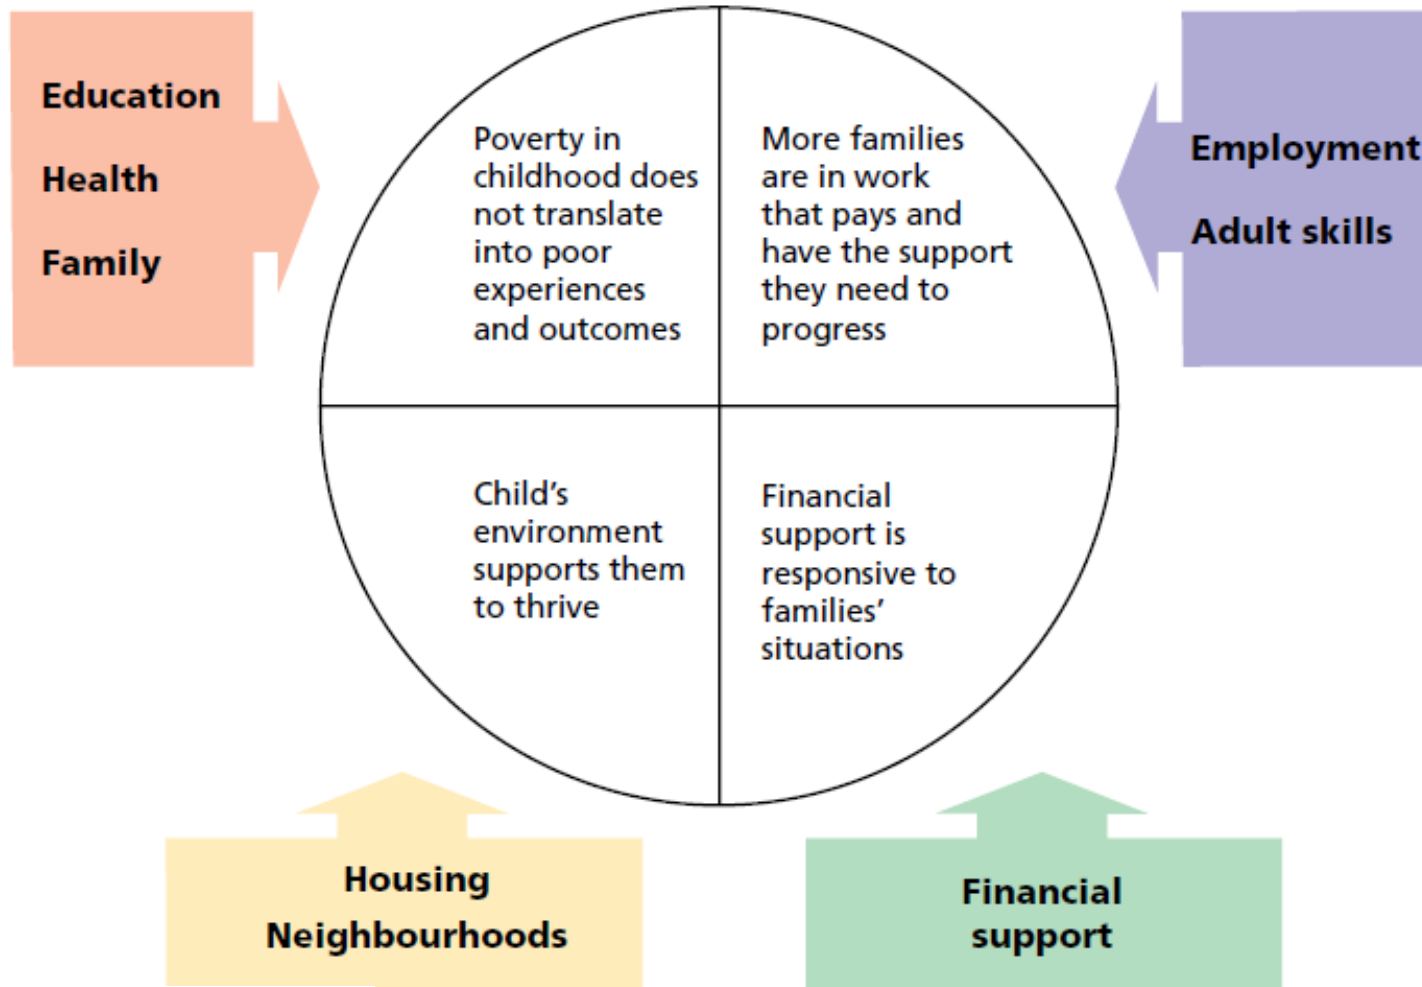

Income

Outcomes

Those who can't work
receive the practical and
financial support they
need to lift them out of
poverty

Communities: Families
live in safe, cohesive and
prosperous communities
where children can thrive

Tackling Cause and Consequence through local services

Government Offices: Part of the “Joint Offer”

- Act for Government in our regions and localities and for our regions and localities in Government
- Help build partnerships between local and regional partners
- Negotiate ‘Local Area Agreements’
- Identify local issues and feedback to influence emerging policy development.
- Identify support available from C4EO, IDEA etc and facilitate LAs and partners in accessing it.
- Keep local areas informed of policy and research developments on child poverty
- Work with local authorities to improve performance.

What else is on offer?

- CPAG toolkit and other voluntary sector support
- Child poverty pilots – dissemination of emerging effective practice
- Events – C4EO, Beacons, CPAG/Inclusion, and regional and local events
- Take Up Taskforce – Take Up the Challenge. Report available in the marketplace.
- Support also available from the IDeA and LGA

Child Poverty Everybody's Business
